

OpenRTB Specs

OpenRTB Specs

The following pages describe how Xandr's supply partners can integrate via the OpenRTB protocol. Xandr supports the [OpenRTB 2.4 protocol](#) for receiving all media type impressions. Please follow the OpenRTB 2.4 specification:

- [Incoming Bid Request from SSPs](#)
- [Outgoing Bid Response to SSPs](#)

Support for legacy mobile integrations using the [OpenRTB 2.2 spec](#) will be deprecated on May 21, 2018. Please contact your Xandr representatives if you have questions.
